Information at your fingertips
Effective telemanagement
Improved efficiency and productivity
Dramatic cost reductions

It's here! A service that enables you to make sense of all your telecommunication charges. With **Ontrac ReporterPlus®**, bill interpretation is made simple and your telecommunications cost easy to manage. No more wasting time using staff resources and losing money trying to decipher your phone bills, wondering why they are so high and how you can reduce costs. **Ontrac ReporterPlus®** offers a web-based tele-management service - obtaining your billing information has never been more secure and more accessible.

Ontrac ReporterPlus® provides a detailed breakdown of your telecommunication bill/s with key performance indicators that enable you to identify possible problem areas or communication usage inefficiencies within your organization. In addition, your organizational structure is incorporated into the report suite so that reports can be generated on a cost centre basis. For example, costs can be allocated by department, branch or subsidiary. Offering you a paperless, concise, and completely automated interpretation of complex data, **Ontrac ReporterPlus®** is available at anytime, from any location. Accessed using SSL data encryption and your personal user-ID and password **Ontrac ReporterPlus®** does the hard work and enables you to make informed management decisions.

Entirely integrated and presented through a common interface, the **Ontrac ReporterPlus®** package provides a standard suite of reports - 4 high level Carrier Management Reports that give you an overview of telephone expenditure by Service Provider(s).

Carrier Management Reports

- *The Carrier Account Audit* provides a combined view of the service provider accounts being used, highlighting total number of accounts and possible anomalies within accounts.
- *Current Expenditure by Carrier* identifies the expenditure with each service provider/s.
- *Historic Account by Carrier* provides a graphical display over the previous 13 months that highlights the individual cost per month for each service provider.
- *Carrier Plan Comparison* allows you to compare your plan costs with those of other competitive service providers.

Management Exception Reports

A further 24 Management Exception Reports provide in depth details ranging from The Top 100 Users by Call Cost and Lists of Calls to a Specified Number, through to Total Number of Outgoing Calls by a User and Comparison of Users by Call Volume. These reports enable you to reduce unnecessary costs and charges. An additional feature also provides an historic trend analysis - useful when comparing costs over several months.

The **Ontrac ReporterPlus®** package allows you to manage your communication costs by eliminating unnecessary usage thereby increasing efficiency and promoting productivity within your work environment.
